

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

The price of the Cosmopolitan, which was among the lowest of any of the great magazines has been still further reduced so that now the price of this fine magazine is \$1.00 per year. There is no reason why the Cosmopolitan should not take the lead in circulation. Its contributors rank among the best in the world and the artistic features and mechanical execution are unsurpassed. Subscribe for the Cosmopolitan.

B. F. F.

ERRATUM.

In Dr. Martin's solution of Diophantine Problem 15, p. 439, Vol. I. for $(4m+3)^2 = 16m^2 + 24m + 1 = 8(2m^2 + 3m) + 1$? read $4(m+3)^2 = 16m^2 + 24m + 9 = 8(2m^2 + 3m + 1) + 1$.
